NOTES:

- Please ask for a receipt for any and all payments made, whether made to a committee member or to Panditji - it is recommended wherever possible that you make the booking and pay monies to the temple directly and Panditji charges will be settled by the temple.
- Panditji Dakshina is the suggested minimum amount but any additional amounts you wish to make are at your discretion.
- Services involving the need for musicians will enhance the event, but it is entirely your choice as to whether it is just Panditji with his harmonium or if you are happy to include any one or more of the others, where a charge will apply for each one that attends the function. this is subject to availability and a surcharge may apply if a outsourced musician is needed to fulfil the role
- At the time of publishing, a Puja samagri list will be available from Panditji for the relevant items that you would need to purchase and arrange to bring with you for the ceremony to take place.

The prices are published to show transparency and the committee will welcome any feedback on charges and services provided to you with a view to improving our services
